Evangelist of HACKTIV8

HACKTIV8 Bootcamp Predicate Descriptions

Data Science Full-time Bootcamp

PREDICATE	FINAL SCORE	LEVEL OF COMPETENCIES
Teacher's Award	>99%	- Demonstrates mastery in basic programming, Data Visualization, and advanced Machine Learning techniques with exceptional performance in Model Development and Model Optimization. - Perform expertise in Data Wrangling, SQL, Data Pipelines, and Scheduling to ensures reliable workflows for smooth and scalable data processing. High proficiency in transforming raw data into actionable insights with the ability to clearly communicate findings to stakeholders.
Honors	95-98.9%	- Demonstrates excellence in building and evaluating Machine Learning models with strong capabilities in Feature Engineering. Advanced capabilities in Data Wrangling, SQL, Data Visualization, and building Data Pipelines with Airflow. - Demonstrates effective communication of technical concepts and insights to stakeholders, both written and orally.
Graduates	80 - 94.9%	- Possesses foundational knowledge in Supervised Learning and Unsupervised Learning. Proficient in Exploratory Data Analysis, foundational Data Pipelines, Data Validation, and Workflow Scheduling using Airflow to ensures data readiness for analysis. Successfully communicate findings and insights to both technical and non-technical audiences.
Participants	70 - 79.9%	- Demonstrates fundamental understanding of Data Science concepts and tools. Familiar with setting up basic Data Pipelines, Scheduling, and ETL with the ability to ensure data integrity and quality. - Possesses working knowledge of basic programming, basic Data Analysis, and standard Data Visualization skills with the ability to conduct straightforward trend analysis under some guidances.

This scoring system reflects the comprehensive Full Time Data Science Program curriculum, which covers fundamental to advanced end-to-end data science process competencies. A 80% and above score indicates proficiency in professional data science practices and readiness for industry-standard development work. The assessment is based on practical project implementations, technical evaluations, ability to analyze data based on the business problem and technical presentation.

Hacktiv8 Full Time Program - Full Time Data Science

Transcript Of Records

Name: Fernando Namora
Email: namorafn7@gmail.com
Graduation Date: March 6, 2026

Program: FTDS
Batch: RMT-051
Status Graduation: Honors

No	Phase	Key Component	Score	Grade		No	Phase	Key Component	Score	Grade
1	0	Basic Programming	98.36%	A+		17	1	SVM	100.00%	A+
2		Web Application with Pandas	100.00%	A+		18		Dimensionality Reduction	100.00%	A+
3		Data Wrangling with Pandas	97.62%	A+		19		Clustering	100.00%	A+
4		Statistics	100.00%	A+		20		Time Series	100.00%	A+
5		Business Knowledge	100.00%	A+		21		Exploratory Data Analysis	96.81%	A+
6		SQL & Database	97.33%	A+		22		Model Analysis	89.76%	A
7		Data Storytelling & Analysis	100.00%	A+		23		Model Improvement	96.25%	A+
8		Data Visualization	100.00%	A+		24		Model Inference	98.00%	A+
9		Documentation	100.00%	A+		25		Model Deployment	100.00%	A+
10	1	Feature Engineering	99.31%	A+		26	2	Deep Learning with TensorFlow	97.50%	A+
11		Pipeline	100.00%	A+		27		NoSQL	95.00%	A+
12		Linear Regression	80.00%	A-		28		Data Scheduling	95.45%	A+
13		Logistic Regression	100.00%	A+		29		Data Quality & Validation	100.00%	A+
14		KNN	100.00%	A+		30		Technical Presentation	94.91%	A
15		Decision Tree	100.00%	A+	Final Grade			97.34%	A+	
16		Ensemble Learning	100.00%	A+						

High Level Objectives	
Phase 0	Able to gain insight and make inference from data Able to build fully interactive dashboard for visualization
Phase 1	Able to complete end to end Machine Learning projects
Phase 2	Able to build their own Artificial Neural Network architecture Able to solve Computer Vision or Natural Language Processing problem Able to operate NoSQL tools Having knowledge of basic ETL Able to perform Data Scheduling Able to perform Data Quality & Validation

% Min	Grades
0.00%	E
40.00%	D
60.00%	C
65.00%	B-
70.00%	B
75.00%	B+
80.00%	A-
86.00%	A
95.00%	A+

Report of Soft Skills				
No	Soft Skill	Category	Score	Description
1	Communication	Self-representation through Communication	4	Communication reflects genuine values and demonstrates strong self-awareness of communication skills for improvement
2		Understanding Communication Issues and Strategy Application	4	Demonstrates a thorough understanding of the impact of issues on communication and applies appropriate strategies effectively for resolving issues
3		Verbal Communication	4	Highly effective. Outstanding communication skills, able to inspire and motivate others. Conveys ideas very clearly and persuasively.
4		Written Communication	3	Effective. Capable of composing text clearly and well-structured. Content is easily understood by readers.
5		Active Listening	3	Active. Able to listen with focus and show interest in the conversation. Asks relevant questions and provides feedback.
6		Presentation Skills	4	Highly effective. Presentation is highly structured, dynamic, and engaging. Can inspire and motivate the audience and convey the message very effectively.
7	Adaptability	Growth Mindset	4	Fully understands that success and abilities can develop through effort and perseverance
8		Coping Strategies/Stress Management	4	Knows how to manage stress and maintain work-life balance
9	Critical Thinking	Analytical Skills	4	Making decisions based on data/trends, analyzing data/information from various reliable sources, and handling issues effectively
10		Strategic Thinking	3	Capable enough of thinking strategically (in an organized way) when making plans to achieve goals
11		Proactive Learning	4	Actively learning and practicing to improve understanding
